PROGRAMME

This is a preliminary programme. It might be subject to changes.

Last update: 26/07/2023

REMA opens the conversation with the Spanish Early Music sector in Estella, on 2 September 2023!

REMA's regional meetings provide a forum for the different actors of the field, to address common challenges, work on the identity of the local Early Music scene, and facilitate the circulation of projects and initiatives at a national and regional level.

These conferences are an opportunity for all the early music professionals of a region to come together, but REMA members with specific ties to the area are welcome to participate.

On 2 September, on the invitation of **Semana de Música Antigua de Estella**, REMA strikes up a conversation between its members and the ensembles, festivals, officials... that make early music happen in the country.

On 1 and 3 September, participants are welcome to attend **FEIMA**, the main event for Early Music in Spain, with conferences, workshops and concerts. The best way to appreciate the excellence of the local early music scene!

REMA is the only network representative of Early Music at the European level, with the legitimacy to discuss performance, creation, heritage, inclusion, diversity and sustainability. To find out more about us, check our [website](#).

Please note that:

- Meals are offered by REMA; cancellation is up to **7 days prior to the event, by sending an email to info@rema-eemn.net**
